

DIGITAL PRODUCTION SERVICES

NEWLYN
ART GALLERY
& THE
EXCHANGE

Unlock your creative vision with our digital production services. We can bring your projects to life with expertise and innovation.

Filming an exhibition introduction piece for Focal Point Gallery, Southend

Our Digital Producer, Megan Isaaks, has two years of experience in the digital field, producing videos, podcasts and other assets for our organisation. We want to offer you Megan's creative capabilities, so you too can grow your digital reach and celebrate your successes with a wider audience.

VIDEOGRAPHER PACKAGE

Capturing dynamic and captivating video footage at your events, ensuring exceptional quality and storytelling. Creating anything from short form content for social media to longer content such as legacy films.

- Taking high-quality footage of your events
- Editing footage using professional software

PODCAST PACKAGE

Setting up the recording equipment, overseeing the recording process, and editing audio content to ensure professional-quality sound, including removing errors and enhancing clarity.

- Supplying and setting up the recording equipment
- Record and edit the audio

TECHNICIAN PACKAGE

Safely set up, operate, and troubleshoot AV equipment, including audio systems, projectors, screens, lighting, microphones, and video conferencing technology. Ensuring your event has the highest quality audio and video output by calibrating equipment, testing connections, and making necessary adjustments before and during events.

Collaborate with event organizers and clients to understand their AV requirements, offering technical expertise and solutions to meet their needs.

- Set up AV kit for your event.
- AV support throughout your event
- AV kit can be hired separately, see AV hire form

Supported using public funding by
**ARTS COUNCIL
ENGLAND**

PHOTOGRAPHER PACKAGE

Capturing memorable moments at your events, from private views and corporate gatherings to celebratory events.

- Taking high-quality, candid photographs at your event
- Edit and retouch photos using professional software

MONTAGE PACKAGE

Turning your home-videos and photos into a short montage film/slideshow for events. Ensuring seamless transitions, proper pacing, and effective use of visuals and sound.

- Editing footage using professional software
- Cleaning up your audio content

AUDIO ENGINEER PACKAGE

Editing your audio content to ensure professional-quality sound, including removing errors and enhancing clarity.

- Cleaning up your audio content for your intended purpose

These packages are examples of services Newlyn Art Gallery & The Exchange can provide. Let us know your plans and we can advise on how we can help.

Prices are calculated on production time and the requirements of the brief.
