

DIGITAL PRODUCTION SERVICES

NEWLYN
ART GALLERY
& THE
EXCHANGE

Unlock your creative vision with our digital production services. We can bring your projects to life with expertise and innovation.

DIGITAL PRODUCTION SERVICES

VIDEOGRAPHY / 360 / 3D SERVICES

Capturing dynamic and captivating video footage at your events, ensuring exceptional quality and storytelling. Creating anything from short form content for social media to longer legacy films or transforming your event into an immersive experience.

- Taking high-quality footage of your events
- Editing footage using professional software
- Capturing 360 degrees in 8K
- High definition, accurate 3D scanning

PODCAST PRODUCTION SERVICES

Setting up the recording equipment, overseeing the recording process, and editing audio content to ensure professional-quality sound, including removing errors and enhancing clarity.

- Supplying and setting up the recording equipment
- Record and edit the audio

AV TECHNICAL SERVICES

Safely set up, operate, and troubleshoot AV equipment, including audio systems, projectors, screens, lighting, microphones, and video conferencing technology. Ensuring your event has the highest quality audio and video output by calibrating equipment, testing connections, and making necessary adjustments before and during events. Collaborate with event organizers and clients to understand their AV requirements, offering technical expertise and solutions to meet their needs.

- Set up AV kit for your event.
- AV operation and support throughout your event
- AV kit can be hired separately, see AV hire form

PHOTOGRAPHIC SERVICES

Capturing memorable moments at your events, from private views and corporate gatherings, celebratory events, exhibition photography, weddings, headshots or behind the scenes images.

Why not book a slot at our Headshot Fridays offer for reduced costs.
